

SWARCer NEWS

South Wake Amateur Radio Club Newsletter

July 2014

From the Club President

Be informed and be involved.

Please read the US House bill "H.R.4969 - Amateur Radio Parity Act of 2014" and then please take action by contacting your representative in the U.S. House and let them know how you feel about this issue. For me, I'm going to encourage my representative to become a co-sponsor. This bill directs the FCC to extend the protections of PRB-1 to apply also to private land use restrictions (often referred to as Deed Restrictions or Covenants). For many SWARC members, our representative is either Renee Ellmers (Dist. 2) or George Holding (Dist. 13). If you oppose this issue, please also be involved and let your representative know. For me, we need to have this issue debated and resolved, as it has been left unresolved for too long.

Education is key.

This year, I hope to promote amateur radio education. This month, we start our first Technician License class with several Civil Air Patrol cadets. I hope that we can take the lessons learned from this initial step and have at least two more sessions before Field Day 2015. Also throughout the year, I'll be promoting participation in various other events and activities that help us improve our operating capabilities, our technical knowledge, and skills.

Growth brings change.

The club has nearly doubled in membership since this time last year. This makes every event a little bit bigger and requires a little more work. As a member, please contribute your time to helping make the club better. Reach out to the new folks and make them feel welcome. Help with setting up or cleaning up with an event. Share what you know or experienced with everyone else. We all have stories to tell.

Thanks for helping make the South Wake Amateur Radio Club the best.

73!

+mike (KD4OKR)

Club Meeting Minutes

July 7, 2014

Submitted by Bryan Ramsey, KK4TTU

Meeting called to order by Mike, KD4OKR at 7:01 PM
Introductions - (27 in attendance)

Approval of Minutes - Kenn (KK4OSI) moved to approve the minutes posted last month. Approved.

Treasurer's Report - Christy, KJ4AEO = \$2311.92

Membership Report - Glenn, N4AZR: Club now has 87 members

Special Events - Gino, KI4YXO, absent- no report

Public Service Report - Charles, W4DBI, absent- no report

Net Report - Adrian, AJ4NX, absent- no report

Old Business - KD4OKR

Field Day: Logs being processed. Good turnout. Lots of fun, food, and phone contacts. Planning has already begun for next year and we'd like to have participation, in one form or another, from everyone. Steve, KA0GMY asked to speak from the floor and was recognized. Thanked everyone for the set up and completion of the day. **Made a motion that the club pay Mike (KD4OKR) \$250 to pay him back for field day. Approved. (Kenn (KK4OSI) 2nd).** Expressed disappointment that club call (N4SWC) was not used for field day and it wasn't made known that was the case. Expressed opinion that discussion on the SWARC email list should not have been squelched, but that the email list is open for discussion of all things related to the club.

Radio Raffle: Winner was KK4UGY- Wade Daniels. Tickets in box 141, receipts, \$705, cost \$295. To the club \$410. **Steve (KA0GMY) made a motion to give away a radio at the Christmas party (Kenwood TMV 71A Mobile). Approved.**

Issue with individual on repeater has been addressed directly by KD4OKR on behalf of the membership.

KD4OKR provided an update on Elizabeth, KI4PVB

New Business -

Secretary under age: Our current constitution states that the elected officers must be 18 years or older. **Steve (KA0GMY) moved (Tim - W4TAR 2nd) to suspend the rule of being 18 or older to allow Bryan (KK4TTU) to serve as secretary for 358 days. Approved.**

Tim made a motion that a committee of KD4OKR, KA0GMY, and K4MSE be formed to identify the proper process to handle this issue in the future. Approved.

New Officer Induction. Board purpose: Strategic planning, policy development, club oversight and management, budgeting and fundraising. Officers this year are - President: Mike Ramsey (KD4OKR); Vice Pres: Kenn Kubacki (KK4OSI); Secretary: Bryan Ramsey (KK4TTU); Treasurer: Christy Fenandini (KJ4AEO); Membership Director: Glenn Crissman (N4AZR); and the Member's at Large: Federico Lluberes (KK4HAQ), Marvin

Friel (KK4TTL), and Bobby Chandler (N4RDC)
Next Board Meeting: Monday July 14, 2014 7pm Explore Church. 112 East Jones St. F-V

Civil Air Patrol Cadets taking SWARC Technician Class. Fifteen cadets, from 11 to 18 in age, taking class and testing this month. This is our "pilot" effort in classes. They are paying for books. Suggest SWARC pays for the testing fees for those under the age of 18 years old, up to \$225. **Steve (KA0GMY) moved that SWARC donate up to \$225 to cover testing fees for CAP cadets under the age of 18. Approved.**

KD4OKR suggested the board form a Repeater Sub-Committee to hear formal complaints of behavior issues on the repeater and make recommendations to the club president for further action. The sub-committee would be made up of the three Member-At-Large board members as elected by the membership. This would help ensure fair evaluation of the issue. Any recommended actions would be determined by the committee, not by any individual, limited to warnings and probation periods, and would be approved by PCRN Repeater Trustee who has final approval. This prevents the club president from becoming judge, jury and executioner. The club president should still be the interface between the offending individual and the committee, but would have the backing of the Repeater Trustee and the sub-committee. **Kenn (KK4OSI) moved to direct the board to establish a Repeater Sub-committee comprised of the three At-Large Board Members. Approved**

At Field Day, KA0GMY suggested that the club repair and/or replace the fans on the patio we use for Field Day at the American Legion post.

(KE4SWF) made a motion to direct the board to investigate the cost of ceiling fans for the American Legion porch and report to the membership recommended action at the next Membership Meeting. (Barbara 2nd) Approved

Close Formal Meeting- **motion to close the formal meeting approved at 7:53 PM.**

Program Presentation-KK4OSI: Sir John-Paul (AB4PP) from Knightlites QRP Association presented.

NEXT MEETING

Monday, August 4

6pm dinner / 7pm meeting

Fuquay-Varina Presbyterian Church

Program: TBD

Meal: Taco night - \$5 per person, sign up on the website

Public Service Through Amateur Radio

South Wake ARC's primary purpose is to further the Amateur Radio Service through programs, activities, and education, in order to promote the radio knowledge, fraternalism and individual operating efficiency of our members.

Further, it shall be our purpose to support the welfare of our community through public service including radio communications for emergency situations and public events, and through providing information, training, and assistance to individuals or organizations with an interest in the Amateur Radio Service.

Public Service Opportunities

The South Wake ARC participates actively in public service events. Below is a list of some upcoming events over the next few weeks. Please email our Public Service director, Charles W4DBI, if you will be participating in one of the below events so he can keep track of participation.

See the club website (www.southwakearc.com) for further details, and even more upcoming events.

Virginia Enzor (NC4VA) presents Zoe Vestal (KK4DDN) with her CSCE for passing the General test.

Several SWARC members participated in the Central Carolina VE team test session at the RDU General Aviation Terminal. The test session followed a Technician Training Class for Civil Air Patrol cadets taught by Mike Ramsey (KD4OKR) and Mary Alice Ramsey (KD4OKQ).

Triangle Skywarn Spotter Training

SKYWARN Spotter Training

Thursday, September 4, 2014
5:30 - 7 PM

Wake County, Raleigh, NC
North Carolina State University - Jordan Hall, Room 1216 in the Jordan Hall Addition

Basic SKYWARN Training sponsored by the NC State Student Chapter of the American Meteorological Society. This class is open to the public. Preregistration is not required. For a map that shows the location of Jordan Hall (building #58 on this map), please visit: http://www.ncsu.edu/campus_map/central.htm.

Parking info: a permit to park on campus is not required after 5 PM. There are typically plenty of parking spaces adjacent to or near Jordan Hall. For a map of available parking, please visit: http://www2.acs.ncsu.edu/trans/maps/download/14-15_parking_map.pdf

Advanced SKYWARN Spotter Class

Thursday, September 4, 2014
7:30 - 9 PM

Wake County, Raleigh, NC
North Carolina State University - Jordan Hall, Room 1216 in the Jordan Hall Addition

Advanced SKYWARN Training sponsored by the NC State Student Chapter of the American Meteorological Society. This class is open to the public. Preregistration is not required. For a map that shows the location of Jordan Hall (building #58 on this map), please visit: http://www.ncsu.edu/campus_map/central.htm.

Parking info: a permit to park on campus is not required after 5 PM. There are typically plenty of parking spaces adjacent to or near Jordan Hall. For a map of available parking, please visit: http://www2.acs.ncsu.edu/trans/maps/download/14-15_parking_map.pdf

--For additional local Skywarn info, please visit <http://www.weather.gov/rah/skywarn>

*Please take note that the
**Advanced SKYWARN
Spotter Class**
is only offered
once per year
in the Triangle region, and
once per year in the Triad
region. This class will be
the one and only time this
year that the Advanced
course will be offered for
the Triangle region of cen-
tral North Carolina.*

Central Carolina VE Team test session

Sun, Aug 17 at 3pm . NW Harnett VFD. For more details, see <http://www.southwakearc.com/>

Weekly Informal Breakfast

Every Saturday 9am - Golden Corral in Garner, NC - Hwy 401 & Tryon Rd.

Next Club Meeting

Monday, August 4 - 6pm dinner / 7pm meeting

Fuquay-Varina Presbyterian Church

Program: TBD

Meal: Taco night - \$5 per person, sign up on the website

Net Report

Hello all! The latest net report is here! This report covers nets from May. There are some nets not accounted for due to the fact that I did not receive them, so I had to work with what I had. The numbers are as follows.

Net Sessions: 23 (8 not accounted for)
SWARC Members Participating: 35
Visitors Participating: 101
Total Check Ins: 612
Average of 27 Check Ins each night

Net Control Operators

KJ4CVK ran 8 nets
AJ4NX ran 5 nets
KK4BVU (guest) ran 4 nets
K9RII ran 3 nets
KA0GMY ran 2 nets
KT4JR ran 1 net

**As you can see once again, no net reports were submitted by NC4MP. I cut him a little bit of slack last go around. Now I think we should REALLY rattle his cage, give him a hard time, and show him no mercy! I encourage all to do so!

Top 5

5th- KI4YII aka "Yes I'm Intelligent" with 10 check ins
4th- KK4TTX, and NC4MP, aka "The Slacker" with 14 check ins each
3rd- KA0GMY, and K9RII (what a pair) with 19 check ins each
2nd- KK4QDZ, and N4RDC with 20 check ins each

And the check in champs are.....

KT4JR, K4MWE, and KJ4CVK with 22 check ins each!

**I went with the top 5 this time due to not being able to account for all nets, and also due to the fact that all of the members participating would have made the top 10 due to the many ties.

I would like to take this opportunity to thank all of the net controls for their services, because it would not be possible to have a net every night without you! I am pleased to say that we have a new personality that has recently joined the fray. N4RDC has stepped up to the plate, and has taken over as the net control for Thursday nights! Be sure to check in and let N4RDC know that the water is warm! Don't forget to check in each and every night, starting at 7:30 pm with the different personalities each night! That is all for this month! 73!

~AJ4NX~

Nets on the "Blackjack" Repeater

145.21Mhz
(82.5 Hz) K4ITL

**Nightly 2m
Rag Chew Net**
Every night at 7:30pm

**South Wake ARC
Traders Net**
Every Tuesday night of each month with the exception of the 2nd Tuesday, immediately following the Nightly 2m Rag Chew Net

**South Wake ARC
Tech Net**
Every 2nd Tuesday night immediately following the Nightly 2m Rag Chew Net

Board Meeting Minutes

July 14, 2014

Meeting Called to order by KD4OKR at 7:06 PM

Board Members Present:

Michael Ramsey (KD4OKR)

Kenn Kubacki (KK4OSI)

Bryan Ramsey (KK4TTU)

Christy Fernandini (KJ4AEO)

Federico Lluberres (KK4HAQ)

Marvin Friel (KK4TTL)

Bobby Chandler (N4RDC)

Glenn Crissman (N4AZR)

Club Members and Guests:

Jim Young (K9RII), Mary Alice Ramsey (KD4OKQ), and Shelly Friel

OLD BUSINESS

Approval of Prior Board Meeting Minutes: None to approve.

Budget Report:

Christy: \$2871.49 on hand. We have food expenses, the raffle, PO box fee, ham fest table, donation to church, and the Christmas party in the next year.

When was the last budget made and announced to the membership? (Kenn) If a budget was made it was very informal. (Glenn)

Can we please have a report of the last two or three years of expenses, common items from which we can make a budget for next meeting (Mike)? Yes (Christy)

NEW BUSINESS

Purpose of the Board – KD4OKR highlighted the purpose of the board is to develop the strategic and financial plans for the club and then present them to the club for approval. The Board cannot establish any rules or spend any money without club approval. The Board may consider an idea and then present it to the membership with the statement “in consideration, the board recommends that the membership approve (or oppose) this item up for vote.” We need to be more formal in documenting our business, now that we are getting much larger.

Calendar

Topics – Ideas for meeting topics, in no particular order: Remote Operating, Fox Hunting, SkyWarn, Software Defined Radio, QRP, Amateur Radio TV, ARES, DIY projects, Antennas (VHF/UHF and HF; how to build, how to deploy; maybe two part? Cheap and Stealth?), Youth in Radio, Bring Your HT night, Preparedness, Auction. Some ideas were scheduled while others are pending. Key discussion points on three of the ideas:

Bring Your HT Night (Federico): have the business part of the meeting be conducted over simplex through HTs so that we can practice on-site how to properly do a net. There was much discussion about the details, but the general sentiment was this was a good and unique idea.

Preparedness: generally a good idea, but needs to be kept non-political and needs to be focused on ham radio and operator preparedness.

Auction: participation very low last year for a number of reasons, and the last year it was somewhat popular, it was mostly junk with few exceptions.

Events – Things the club does besides the monthly meeting to promote Amateur Radio and improve our capability to serve the public in any time of need.

Cary Swapfest (July 19, 2014): have our club banner present and sell raffle tickets. KK4OSI will head this up this year.

JOTA (October 18, 2014)- an event to assist Boy Scouts in earning their Radio Merit Badge. Scouts attend classroom instruction in the morning, and then come out in the afternoon to perform the practical application por-

tions.

Requires an Event Chairman to coordinate all details with Scout leadership and radio operators, Operators to bring radios and antennas, and deployment/set-up team. KD4OKR volunteered to be Event Captain, as he is also a certified Merit Badge Counselor with the Scouts, but will let someone else take it, or will co-captain for training. Would like to have the October Meeting be a discussion and preparation for JOTA, maybe to include inviting scout leaders.

SWARC-SWAP: In the past, we have had a swap-fest on the Saturday of JOTA. The board feels this could be worthy, but it needs someone to be the Chairman separate from the JOTA duties. VOLUNTEER CHAIRMAN NEEDED

Winter Field Day (January 25, 2015)– has had limited club participation. As it gets closer, perhaps this will have more interest in participating. Volunteer needed to coordinate.

NC QSO Party (March 1, 2015) – KD4OKR feels this would be a good contest to use as a tune-up for those new to contesting and Field Day in general. Since the club entry doesn't have any limitations on set-up time, a couple of weekends could be used to slowly go through the process of building a station and testing it out without the time-pressure constraints of field day. Volunteer needed to coordinate, KD4OKR willing to assist.

RARSfest (April 4, 2015) – SWARC to have two tables and banner for selling member items, promote the club, and sell raffle tickets. Volunteer needed to coordinate.

ARRL Field Day (June 26-28, 2015) – This is typically the club's capstone event from an operating and social perspective. A new chairperson is being recruited at this time. Once aboard (hopefully before August), planning will begin, per KD4OKR.

Resulting Planning Calendar for Fiscal Year 2015

Month	Meal	Topic	Events
JUL 2014	Pizza	Knightlight QRP	Cary Swapfest
AUG 2014	Tacos	TBA	
SEP 2014	Pot-luck	Public Service	
OCT 2014	Chili Cook-off	Youth/JOTA	JOTA
NOV 2014	Pasta Night	TBA	JARSfest
DEC 2014	Hors d'oeuvres	Christmas	
JAN 2015	Pulled Pork	NC QSO Party	Winter Field Day
FEB 2015	TBD	TBA	
MAR 2015	TBD	TBA	NC QSO Party
APR 2015	TBD	SkyWarn	RARSfest
MAY 2015	TBD	TBA	
JUN 2015	TBD	TBA	Field Day
JUL 2015	TBD	TBA	

Net Control Membership Requirement: KD4OKR presented a suggestion from a past members meeting to require all Net Control Operators to be SWARC members. There were several minutes of discussion about the benefits and the complications of such a policy. **DECIDED** for presentation to the membership for approval:

South Wake ARC Net Control Operators shall normally be a South Wake ARC member in good standing and shall be approved by the SWARC Repeater Sub-committee. The SWARC Net Whip shall have the flexibility to have a guest Net Control Operator for special events, training opportunities, and to fill-in in the event of need or necessity. The board recommends you approve.

Net Announcements: KD4OKR suggests the Net Control Operator should accept announcement check-ins (and therefore the announcement) from SWARC members only. Discussion about how this limits those from outside SWARC (such as JARS) from making announcements, but also would limit the spreading of incorrect information. **DECIDED** for presentation to the membership for discussion:

The Net Control Operator will make all South Wake ARC Net announcements, and will make said announcements at both the beginning and end of each net. Items for announcement shall be submitted in advance via email or

through the Net Whip. Individuals may make personal announcements during their "rag-chew" time. The board recommends approval.

New Ticket = New Membership; Need-based Membership – KD4OKR presented that during RARSfest, three new licensees stopped by the SWARC table and picked applications for membership. With our pro-rated membership, the cost for membership at that time was \$5. KD4OKR offered their membership to be free. Only one accepted that offer. At Field Day 2014, with the new VE Team getting started, the idea of making this a regular offering was raised and is now being brought to the board for consideration, understanding that some feedback from the membership has already been raised in this month's membership meeting. KD4OKR raised that if someone comes to us as a new ham, we could help get him or her incented into the club. KK4OSI and others raised that if they have come to us, they are already interested and we don't need to do anything further. Also discussed was membership based on financial inability to afford. **DECIDED** for presentation to the membership for discussion and/or vote:

Newly licensed hams should not be granted a free membership to the South Wake ARC at any time. The board recommends approval.

The membership grants the board permission to discuss and grant membership to those individuals who may not be able to financially afford membership, but do contribute to the club in non-financial ways. Out of respect for the privacy for the individual, these discussions would be in a closed session. The board recommends approval.

Secretary Issue – at the last Members Meeting, the membership approved a waiver for the 18-year-old requirement for KK4TTU for this term and directed KD4OKR, K4MSE, and KA0GMY to determine and document the proper method of resolution going forward. KD4OKR will work on that and report to Membership in August.

American Legion Post 116 Patio Fans – Membership directed the Board to determine the cost to replace the fans at the AL Post. Best price is \$60 at Northern Tool. It would be \$300 in parts, and unknown labor to replace all five of the fans. Replacement may not be required of all units, as only one is currently inoperable. As it is a commercial property, a licensed electrician may be required to be involved in the work. It may be best for the club to simply donate the hardware and let the Legion Post handle the labor. KD4OKR to discuss with Post maintenance and update the Board and Membership.

Repeater Sub-Committee - KD4OKR requested permission from the board to have the ability to develop the details of the committee directly with the At-Large board members making up the committee and report back to the Board via email before the August Membership meeting. Once the details are established, a full presentation to the Membership will be made and the Membership will be asked to approve implementation. Board Approved.

Raffle - The radio has not been purchased and we don't intend to purchase until September so as to not tie up funds and lose any interest. No objection from the Board. It was noted that the last raffle created enough funding to self-fund the next raffle with \$31 leftover. Discussion about the value of the raffle to the club highlighted the increased exposure of the club, the new tickets have the club meeting information and website, so it is low cost advertising. At this time, it isn't a great means of funding, but it helps and could grow. Final discussion was on maybe having an HF rig to raffle, but no decisions were made.

Technician License Class – our first class session starts on Saturday July 19. The Membership approved paying the \$15 testing fee for all under the age of 18, up to \$225. KD4OKR bought and distributed the books and will be reimbursed at cost at the training session. After the class, KD4OKR will discuss with the Board and Membership suggestions on how to implement future training sessions, how much to charge, and where to do it. KK4TTL suggested using it to help generate revenue the club. KD4OKR did not want to have the club make money off of Technician classes, but higher classes may make sense, and would be up to the Membership.

Motion to adjourn unanimously approved at 9:20 PM.

Treasurer's Report

South Wake Amateur Radio Club Treasurer Report June 2014

Club Addition and Reduction Activity

Additions

Dues	30.00	cash	Bobby Chandler KI4FTR

Membership Update

Hello all,

Just a couple of membership related items for this month's newsletter.

First of all, what a great year for South Wake ARC last year! As of today we have 98 active club members. We added 25 new members last year and we are still growing. Let's all work to keep this thing going strong for years to come! Tell your ham friends about the club or even better - bring them to the next meeting.

Second, at the August meeting the club will be celebrating its 6th anniversary. South Wake ARC was founded on August 4th, 2008.

Last but not least, membership renewal time is here once again. We have already received dues for the 2014 / 2015 year from a few people. Thanks to those who have already sent their dues in. As a reminder...individual memberships are \$30 per year. Family memberships are \$30 per year for the first member and \$5 per year for each additional family member. You can mail your dues to: South Wake ARC - PO Box 1565 - Fuquay Varina, NC 27526...or you can bring them to any meeting.

That's it for this month. See everyone at the August meeting!

73,

Glenn N4AZR
